

Name: Fouzan Ali
Designation: Lecturer, Department of Computer Science, Faculty of Computer Science
Qualification: MSc. (Computing), Leeds Beckett University United Kingdom
BSc. (Business Computing), Leeds Beckett University, United Kingdom,
BCS. (Computer Science), Indus University, Pakistan.

Email: fouzan.ali@mite.edu.pk

Research Sites/Links: https://papers.ssrn.com/sol3/papers.cfm?abstract_id=2968335

Profile:

Mr. Fouzan Ali received his MSc in Computing from Leeds Beckett University, England UK in Computer Science and his area of specialization is Web Engineering. He is currently associated with the Millennium Institute of Technology and Entrepreneurship as a Lecturer in the Department of Computer Science. He has published one research publication in cloud computing security. He has 16 years of industry experience in different sectors in different level organization. He also has more than six years of academic experience. He also has more than four years of web development experience of software houses as well.

Research Interest:

- Compiler Design
- OS Design
- Game Development
- Artificial Intelligence
- Cloud computing development technologies
- Game Consoles
- IOT

Projects:

1. SIPL <http://sipl.com.pk/>
2. Hommyliciouz <https://hommyliciouz.com/>
3. HCMS <https://hcms.com.pk/>

Publication:

1. Fouzan Ali, **Voice Recognition Anatomy, Processing, Uses and Application in C#**, https://papers.ssrn.com/sol3/papers.cfm?abstract_id=2968335
